SOIL TESTING FOR MEMBERS.

SSP provides soil testing services to members at laboratory cost of \$130* ex GST per sample. The analysis undertaken provides tests on all the main macro nutrients and major micro nutrients. If you have any specialist requirements we can identify a laboratory that will undertake the test and get a quote for you.

*prices are subject to change if laboratory costs rise

NUTRIENT PLANNING.

SSP can provide a Farm Nutrient Management Plan with recommendations at no cost to members.

PACHYMETRA AND NEMATODE TESTING.

While we are in the paddock we can also take a sample for Pachymetra or Nematode testing at a cost of \$50 ex GST per test.

TISSUE CULTURE SEEDLINGS.

An order form is enclosed for those who regularly purchase seedlings. If you are interested in tissue culture seedlings give us a call. An order form will also be available on our website www.sugarpros.com.au.

FOR FORWARD PLANNING, WE ENCOURAGE GROWERS WHO ARE INTERESTED TO CONTACT:
